BBT 3101
Lecture 2.1: Git & GitHub Exercise (Group Work)

Strathmore UNIVERSITY

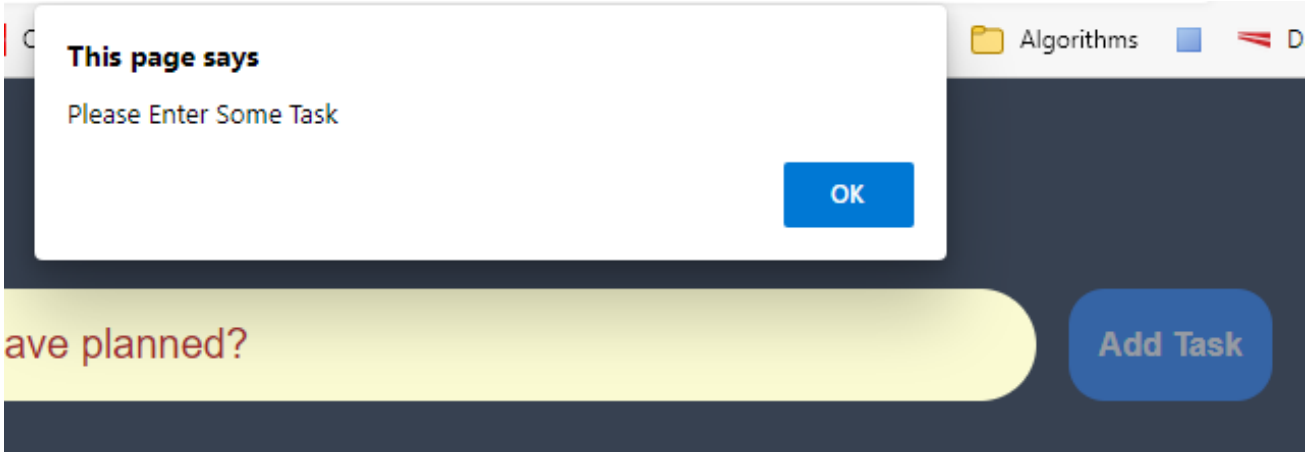
10/5/2022

Git & GitHub Exercise

Strathmore UNIVERSITY

Instructions: Part I

1. Launch your local Git repository
2. Open the **Task App** project
3. Modify the **index.js** file to achieve the following
   i. Validate that the task being entered is not blank or null
   ii. Apply the appropriate alert message to notify the user in case they attempt to add a blank (empty task) – See screenshot



Deliverable: Ensure that the only task added has been explicitly typed into the input box **(4 Marks)**

Git & GitHub Exercise

Strathmore UNIVERSITY

Instructions: Part II

1. Modify the project such that the **index.html file** displays a numbered list of tasks, in ascending order

Deliverable: The list of tasks on the app should be numbered **(4 Marks)**

- Commit all the changes to the local repository
- Push the changes to your remote repository

Deliverable:

- A link to the remote repository with all project files **(2 Marks)**

- **Deadline:** **October 26, 2022, 11:59 PM**
- **Submission Mode:** **A link to your GitHub repository containing the complete project**
- **Submission Platform:** **Strathmore eLearning (Assignment 1 Section)**
